1. INTRODUCTION

These guidelines serve to provide direction and consistency in loan, borrower, and property eligibility.

1.1. LENDING PHILOSOPHY

A&D Mortgage LLC (hereafter referred to as A&D) evaluates several aspects of the borrower's credit, income, asset and equity profile along with the loan's attributes to make a reasonable and good faith determination on the borrower's ability to repay the loan.

Investment quality is determined by the borrower's credit, capacity, and collateral. A weakness in any one of the three components must be compensated by strengths in one or both of the remaining two components.

A&D's Lending Eligibility Guidelines establish the criteria under which a loan is eligible.

A&D Mortgage has a no-tolerance policy as it relates to fraud. Lenders should follow the established fraud and identity procedures on every loan in an effort to prevent and detect fraud (including, but not limited to, Social Security number verification, verbal verifications of employment, processing of 4506-C, etc.). Loans containing fraudulent documentation or information will immediately be declined and submitted for further internal review. If there is any determination of Loan Originator involvement, the Loan Originator will be made inactive, and the appropriate agencies notified. A&D Mortgage will also pursue fraud carried out by a borrower, or any other person or party involved in the origination process, to the fullest extent of the law.

1.2. FAIR LENDING STATEMENT

A&D Mortgage operates in accordance with the provisions of the Fair Housing Act and Equal Credit Opportunity Act. The Fair Housing Act makes it unlawful to discriminate in housing-related activities against any person because of race, color, religion, national origin, sex, handicap, or familial status. The Equal Credit Opportunity Act prohibits discrimination with respect to any aspect of a credit transaction on the basis of sex, race, color, religion, national origin, marital status, age (provided the borrower has the capacity to enter into a binding contract), receipt of public assistance, or because the borrower has in good faith exercised any right under the Consumer Credit Protection Act. A&D Mortgage fully supports the letter and spirit of both laws and will not condone discrimination in any mortgage transaction.

1.3. RESPONSIBLE LENDING STATEMENT

The primary focus of this lending program is the extension of credit in a prudent manner such that the borrower has an ability to repay the mortgage obligation. Loans should be affordable to the borrower in his or her pursuit of homeownership and mortgage related financing needs.

A&D's Non-QM program guidelines are structured to guide its partners towards making common sense lending decisions on loans to borrowers who may have limited access to credit. A borrower's situation generally requires the lender to consider alternative forms of documenting income and/or compensating factors which offset risk indicated by less than pristine credit, such as a recent credit

event or elevated debt-to-income ratio. The borrower's ability to repay must be proven in all instances as it relates to consumer-based lending.

Under the general Ability-to-Repay (ATR) standard, lenders must make a reasonable, good-faith determination that the consumer has an ability to repay the loan at or before loan consummation. Lenders must verify information using third-party records that provide reasonably reliable evidence of income or assets.

If a loan is subject to the ATR rules under the Federal Truth in Lending Act ("TILA"), lenders must consider eight underwriting factors in making the repayment ability determination:

- Current or reasonably expected income or assets (other than the value of the property that secures the loan) that the consumer will rely on to repay the loan.
- Current employment status (if the loan relies on employment income when assessing the consumer's ability to repay).
- Monthly mortgage payment for this loan. Calculate this using the introductory or fully-indexed rate, whichever is higher, and monthly, fully-amortizing payments that are substantially equal.
- Monthly payment on any simultaneous loans secured by the same property.
- Monthly payments for mortgage-related obligations, such as property taxes and insurance, homeowner's association fees or ground rent.
- Debts, alimony, and child support obligations.
- Monthly debt-to-income ratio or residual income, that was calculated using the total of all mortgage and non-mortgage obligations listed above, as a ratio of gross monthly income
- Credit history.

A&D will not fund a loan subject to the ATR requirement under TILA unless it meets the requirements of the rule. Certain loans may be exempt from TILA or otherwise exempt from the ATR rule. In those cases, though A&D may choose to fund a loan that does not adhere to the formal requirements of the ATR rule, A&D will only fund loans that the applicant appears able to afford based on application of prudent underwriting standards.

1.4. REGULATORY COMPLIANCE

- Each loan must be originated, closed, serviced and transferred in compliance with all applicable federal, state and local laws, regulations and orders. Our compliance due diligence review, conducted on a secondary market basis, will analyze each loan to determine compliance with the necessary requirements.
- Note: A&D will review loans to ensure that they comply with applicable regulations that are primarily under the jurisdiction of the Consumer Financial Protection Bureau (the "CFPB").
- In addition, please note that there are other rules and regulations that may be applicable and that additional rules and regulations may be enacted, and that such rules and regulations may be amended from time to time, and therefore the implementation or revision of such rules and regulations will affect and be relevant to the products as set forth herein.
- Business Purpose and Occupancy Affidavit must be signed by the borrower at closing.

2.2. PRODUCTS

See latest applicable A&D Matrix.

2.3. LOAN AMOUNTS AND LOAN-TO-VALUES

See latest applicable A&D Matrix.

The lesser of the purchase price or appraised value of the subject property is the original value used to calculate the loan-to-value, with consideration to the value derived from the secondary valuation waterfall.

2.4. DOCUMENTATION

Documentation types include:

- Full Documentation
- Asset Utilization
- Personal Bank Statement Documentation
- Business Bank Statement Documentation
- Written Verification of Employment (WVOE)
- Profit and Loss Statement
- 1099 Income

2.5. LOAN AGE

The period between the note date and the A&D Mortgage funding date cannot exceed 90 days for correspondent loans. A&D will consider longer periods on a case-by case basis.

2.6. PREPAYMENT PENALTIES, POINTS, AND FEES

Total points, fees, and APR may not exceed current state and federal high-cost thresholds.

Prepayment penalties are allowed on investment property transactions - see applicable A&D Matrices for details.

Prepayment penalties on primary residence and second home transactions are prohibited.

Where permitted by applicable laws and regulations on an investment property, a prepayment charge may be assessed in the period between one (1) and five (5) years following the execution date of the Note. The prepayment charge will be equal to 6 months of interest on the amount of the prepayment that exceeds 20% of the original principal balance. The charge applies to loans that pay off due to sale or refinance, or curtailments that exceed 20% of the original principal balance in each 12-month time period.

See rate sheet for further detail. The prepayment penalty can be disclosed within the body of the Note or in a separate rider.

The following state restrictions apply:

- Prepayment penalties are not allowed in KS, MI, MN, NM, OH and RI. Prepayment penalty buydown is required.
- Prepayment penalties are not allowed on loans vested to individuals in IL and NJ. Prepayment penalty buydown required or close in LLC (maximum prepayment penalty period is 3 years in IL).
- Maximum prepayment penalty period is 2 years in MS.

- Maximum prepayment penalty period is 3 years in ID and MA.
- Maximum prepayment penalty period is 3 years in DC and MD. The prepayment charge will be equal to 2 months of interest on the amount of the prepayment that exceeds 20% of the original principal balance.
- Virginia and Maryland - Prepayment penalties are not allowed on loan balances less \$75,000.
- Pennsylvania - Prepayment penalties are not allowed on loan balances less than an adjusted value as determined by the Dept of Banking & Securities. For calendar year 2023 the amount is \$301,022.

Note: States may impose different definitions of points and fees, rate/APR, or prepayment penalties that apply under HOEPA. States may also use different triggers in each category for determining whether a loan will be a "high-cost mortgage" (or equivalent terms) under state law. As a matter of policy, A&D does not fund loans defined as high-cost mortgages (or equivalent terms) under Federal or state law, regardless of the basis for the loan's treatment as such.

2.6.1. FINANCING POINTS

A&D will allow the borrower to finance points and/or closing cost into the loan transaction by increasing loan amount based on the following parameters:

- Maximum base CLTV for an owner-occupied property or second home = 75%
- Maximum base CLTV for an investment property = 70%
- Maximum base CLTV for DSCR property = 70%
- Maximum base CLTV for Foreign National = 65%
- Maximum 2% may be financed into the transaction
- The financed points will not raise the CLTV for pricing purposes and eligibility criteria. The pricing and eligibility will remain based upon the original base loan amount or CLTV without financing of points.

2.7. EXCEPTIONS

Exceptions to published guidelines are considered on a case-by-case basis. Loans with exception requests should exhibit compensating factors. All exception requests must be submitted by the Requestor in writing to the Exceptions Committee via the Exception Form. The fully completed A&D Mortgage Exception Request Form along with any supporting documentation is required. A&D 's decision to allow or deny any exception request relates only to whether A&D will approve a loan.

2.8. ESCROWS – IMPOUND ACCOUNTS

Escrow funds/impound accounts are required to be established for all loans originated by A&D Mortgage. Escrows may be established for funds collected as required to be paid under the security instrument. Escrow funds include, but are not limited to, taxes, insurance (hazard, flood, and mortgage) premiums, special assessments, ground rents, water, sewer, etc.

A&D can waive escrow for TILA Non-HPML Loans on primary residence, second homes, and investment properties under Super Prime, Prime, DSCR and Foreign National programs. Please refer to A&D Matrix for LTV restrictions and additional criteria.

Flood Insurance Escrows can never be waived regardless of loan type or program.

2.9. TEMPORARY BUYDOWN

A&D Mortgage allows temporary buydown on Owner Occupied properties on Purchase transactions. The note rate without consideration of the bought-down rate will be used for qualifying purposes. The funds for buydown cannot come from the borrower. When the source of the buydown funds is an interested party to the property sale or purchase transaction, interested-party contribution limits apply.

3. OCCUPANCY TYPE

3.1. PRIMARY RESIDENCE

A primary residence (or owner-occupied property) is a dwelling occupied by the borrower as his or her principal residence.

To qualify as a primary residence, the transaction should meet each of the following criteria:

- Property is in the same general area as the borrower's employment,
- Borrower intends to occupy the subject property for the majority of the year,
- Borrower intends to occupy the subject property within 60 days of closing the loan, and
- Property possesses physical characteristics that accommodate the borrower's family.

3.2. SECOND HOME

A second home is a dwelling occupied by the borrower in addition to their primary residence (may also be referred to as a vacation home). Second homes are restricted to 1-unit dwellings.

Typical second homes should meet the following criteria:

- Be located a reasonable distance away from the borrower's primary residence or located in an area considered a vacation area.
- Must be occupied by the borrower for some portion of the year.
- Suitable for year-round occupancy.
- Borrower must have exclusive control over the property.
- Must not be subject to any timeshare arrangements, rental pools or other agreements which require the borrower to rent the subject property or otherwise give control of the subject property to a management firm.

3.3. INVESTMENT PROPERTY

An investment property (or non-owner-occupied property) is an income-producing property that the borrower does not occupy.

The borrower or the borrower's spouse is required to own a primary residence or an investment property (may be 2-4 unit property, but not a commercial type of space) in the past 24 months under the DSCR Program (may be past or current ownership history). Residential properties owned under business entity are eligible with a minimum 25% entity ownership requirement. If the loan has more than one borrower, we require only one borrower to own a property. However, the borrower is not required to own primary residence for other investment property programs with income verification.

Unless otherwise noted, gift funds are acceptable only if a 20% down payment has been made by the borrower from their own resources.

Please refer to A&D Matrices for additional details and criteria.

4. TRANSACTION TYPE

4.1. PURCHASE

A purchase transaction is one which allows a buyer to acquire a property from a seller.

4.1.1. DOCUMENTATION REQUIRED

A copy of the fully executed purchase contract and all attachments or addenda are required.

4.1.2. LOAN TO VALUE

The lesser of the purchase price or appraised value of the subject property is the original value used to calculate the loan-to-value, with consideration to the value derived from the secondary valuation waterfall.

4.2. REFINANCE

4.2.1. REFINANCE TYPES

- Rate/term refinance
- Cash-out refinance

CREDIT REQUIREMENTS FOR ALL REFINANCE TRANSACTIONS

- All mortgage accounts must be current at the time of application and remain paid as agreed through closing.
- For any mortgage associated with the subject property:
 - If the borrower had a mortgage late on the subject property within the last 12 months, the mortgage account must have been paid as agreed for the 3 months prior to closing of the new A&D transaction.
 - If the mortgage payoff statement indicates any evidence the borrower is delinquent, such as, but not limited to Attorney Fees, Default Interest or Modification Fee, A&D will require evidence of the last three months of verified mortgage payments via check, bank statement or wire transfer.

4.2.2. RATE/TERM REFINANCE

A Rate/Term refinance is the refinancing of an existing mortgage for the purpose of changing the interest and/or term of a mortgage without advancing new money on the loan.

The mortgage amount for a Rate/Term refinance is limited to the sum of the following:

- Existing first mortgage payoff.
- Closing costs and prepaid items (interest, taxes, insurance) on the new mortgage.
- The amount of any subordinate mortgage liens used in their entirety to acquire the subject property (regardless of seasoning).

- The amount of a home equity line of credit in first or subordinate lien position that was used in its entirety to acquire the subject property (regardless of seasoning).
- Any subordinate financing that was not used to purchase the subject property provided:
 - For closed end seconds, the loan is at least one year seasoned as determined by the time between the note date of the subordinate lien and the application date of the new mortgage.
 - For HELOCs and other open-ended lines of credit, the loan is at least one year seasoned and there have been less than \$2,000 in total draws over the past 12 months.

If the most recent first mortgage transaction on the property was a cash-out refinance within the last 6 months, the new mortgage is not eligible as a Rate/Term and must proceed as a cash-out refinance. Note date to note date is used to calculate the 6 months.

If the subject property was acquired greater than twelve (12) months from application date, the appraised value will be used to determine LTV/CLTV. If the property was acquired less than or equal to twelve (12) months from the application date, the lesser of the current appraised value or purchase price plus documented improvements (if any) will be used to determine LTV/CLTV.

For Rate/Term transactions, the borrower may only receive cash back in an amount that is the lesser of 2% of the new mortgage balance or \$2,000.

4.2.3. CASH-OUT REFINANCE

A cash-out refinance is a refinance that does not meet the Rate/Term refinance definition. Cash-out would include a refinance where the borrower receives cash from the transaction or when an open-ended subordinate lien (that does not meet the Rate/Term seasoning requirements) is refinanced into the new transaction.

A mortgage taken out on a property previously owned free and clear is always considered a cash-out refinance.

The mortgage amount for a cash-out refinance transaction may include any of the following:

- Existing first mortgage payoff.
- Closing costs and prepaid items (interest, taxes, insurance) on the new mortgage.
- The amount of any subordinate mortgage liens being paid off that do not meet seasoning and draw history requirements as described in Rate/Term Refinance section.
- The amount of any non-mortgage related debt paid off through closing.
- Additional cash in hand reflected on the settlement statement.

Cash-out proceeds on an investment property must be used only for a business purpose. It cannot be used for personal, family or household purposes (e.g. student debt, medical bills, personal credit card pay-off, personal tax lien or judgement payoff and etc.)

CASH-OUT SEASONING AND DETERMINATION OF VALUE

Cash-Out Seasoning of six (6) months or less on all occupancy types is allowed with the following restrictions:

- For properties acquired less than 6 months, maximum CLTV ratio for the cash out transaction is

based up on the lower of the current appraised value or the borrower's initial investment in the purchase price plus documented improvements (Gift funds are not allowed to be paid back to the borrower used for the initial purchase of the property). These loan files will be underwritten under purchase guidelines and eligibility; however, such loans will be priced as a cash-out (delayed financing).

- To qualify for a cash-out loan with title seasoned less than 6 months, the borrower cannot have taken a loan on the initial purchase of the property.
- If Quitclaim Deed is used as a purchase method and no value is determined, maximum CLTV of 65% is applied. In case not all liens are paid on the property the UW must review current borrowers 12 months payment history, even if that borrower is not on the loan.
- Borrower must own property at the time of the application for Cash-out refinance.
 - There is no waiting period if the lender documents that the borrower acquired the property through an inheritance or was legally awarded the property (divorce, separation, or dissolution of a domestic partnership)
 - If the property was owned prior to closing by a limited liability corporation (LLC) that is majority-owned or controlled by the borrower(s), the time it was held by the LLC may be counted towards meeting the borrower's six-month ownership requirement.
 - If the property was owned prior to closing by an inter vivos revocable trust, the time held by the trust may be counted towards meeting the borrower's six-month ownership requirement if the borrower is the primary beneficiary of the trust.

Cash-Out Seasoning from six (6) to twelve (12) months is allowed with the following restrictions:

- Maximum CLTV ratio for the cash out transaction is based up on the lower of the current appraised value or the borrower's initial investment in the purchase price plus documented improvements

4.2.4. PROPERTIES LISTED FOR SALE

To be eligible for either a Rate/Term or a cash-out refinance, the subject property must be taken off the market on or before application date.

For investment property cash-out transactions, if the subject property was listed for sale in the 6 months prior to application date, a minimum of 12 months prepayment penalty would be required and the borrower cannot buydown to no prepayment penalty.

4.2.5. BENEFIT TO BORROWER

In keeping with the commitment of responsible lending, all primary residence and second home refinance transactions must have a benefit to the borrower, as evidenced by at least one or more of the following:

- Balloon payoff
- Title transfer

- Property retention
- Rate reduction
- P&I reduction
- Debt reduction
- Avoidance of Foreclosure
- Uncontrolled cash-out

State-specific and/or federal benefit to borrower compliance requirements must be adhered to. A&D, as well as its Loan Originators, must document relevant calculations and data which support such benefit to the borrower. Additional restrictions apply if the new loan refinances an existing loan considered to be a special mortgage. A special mortgage is originated, subsidized, or guaranteed by or through a state, tribal, or local government, or nonprofit organization that either bears a below-market interest rate at the time the loan was originated or has nonstandard payment terms beneficial to the borrower, such as payments that vary with income, are limited to a percentage of income, or where no payments are required under specified conditions.

If the borrower will lose one or more of the benefits of the special mortgage, then both of the following apply:

- Lender must check that the loan complies with all applicable state and local laws as well as laws associated with the subject special loan program;
- Lender must take special care to ensure a net tangible benefit to the borrower.

4.2.6. TEXAS SECTION 50(a)(6) TRANSACTIONS

- A Texas Section 50(a)(6) mortgage is a home equity (or cash-out) loan originated under the provisions of Article XVI, Section 50(a)(6), of the Texas Constitution, which allow a borrower to take equity out of a homestead property under certain conditions. All Texas Home Equity transactions must comply with the more restrictive of the A&D Mortgage Loan Non-QM Underwriting Guidelines or the Texas Section 50(a)(6) Transactions description within these Guidelines. Loans in the state of Texas, that are not part of Texas Section 50(a)(6) transactions are required to have Non-Homestead Affidavit signed at closing. Underwriter must determine that borrower has enough evidence or proof of an actual primary residence or property where borrower resides at the time of application.

TEXAS SECTION 50(a)(6) SELLER CERTIFICATION

5. TRANSACTION SPECIFIC

5.1. FLIP TRANSACTIONS

When the subject property is being resold within 365 days of its acquisition by the seller and the sales price has increased more than 10%, the transaction is considered a “flip”. To determine the 365-day period, the acquisition date (the day the seller became the legal owner of the property) and the purchase date (the day both parties executed the purchase agreement) should be used.

Flip transactions are subject to the following requirements:

- All transactions must be arm’s length, with no identity of interest between the buyer and property seller or other parties participating in the sales transaction.
- The property was marketed openly and fairly, through a multiple listing service, auction, for sale by owner offering (documented) or developer marketing.
- No assignments of the contract to another buyer.
- If the property is being purchased for more than 5% above the appraised value, a signed letter of acknowledgement from the borrower must be obtained.

Flip transactions must comply with the HPML appraisal rules in Regulation Z. The full Reg Z revisions can be found at <http://www.consumerfinance.gov/policy-compliance/rulemaking/final-rules/appraisals-higher-priced-mortgage-loans/>.

If the loan is HPML a second appraisal is required in the following circumstances:

- Greater than 10% increase in sales price if seller acquired the property in the past 90 days.
- Greater than 20% increase in sales price if seller acquired the property in the past 91-180 days.

Maximum CLTV ratio is based up on the lower of the current appraised value or the initial purchase price paid by seller plus documented improvements.

5.2. NON-ARM’S LENGTH TRANSACTIONS

Non-arm’s length transactions involve a direct relationship outside of the subject transaction between a borrower and a party to the loan. The appraiser must be informed of the relationship and address any impact on market value.

Examples of non-arm’s length transactions include, but are not limited to, the following:

- Family member sales.
- Buyer trading properties with the seller.
- Property seller foreclosure bailouts.
- Existing buyer relationship with closing agent, appraiser, builder, or developer.

Non-arm’s length transactions are subject to all of the following requirements:

- Primary residence only.
- Relationship must be fully disclosed.
- An appraisal review product is required.

- Borrower to provide a written explanation stating relationship to the seller and reason for purchase.
- Borrower to provide a copy of the canceled earnest money check paid to the property seller.
- A&D must be satisfied that the transaction makes sense and that the borrower will occupy the property.
- All liens on title to be paid in full and reflected on the settlement statement.
- Lesser of sales price or current appraised value to be used to calculate the CLTV.
- Borrowers cannot provide services on transaction (closing agent, title agent, appraiser, etc.).
- Borrower may not be an owner of a business entity selling the subject property.
- If property was acquired by seller within last 12 months, lower of purchase price or appraised value will be used.

The following additional requirements apply only to family sales:

- Payment history for the seller's mortgage on the subject property must be obtained and show no pattern of delinquency within the past 12 months (if applicable). Foreclosure bailout is not allowed.
- Verification that the borrower has not been in title to the property in the past 24 months.
- Gift of equity is permitted.

5.3. INHERITED PROPERTIES

Inherited properties are allowed as both Rate/Term and cash-out transactions. If the subject property was inherited < 12 months prior to application, the transaction is subject to the following, if applicable:

- Subject property has cleared probate and property is vested in the borrower's name.
- Current appraised value is used to determine loan-to-value.

5.4. LAND CONTRACT/CONTRACT FOR DEED

When the proceeds of a mortgage transaction are used to pay off the outstanding balance on a land contract that was executed more than 12 months prior to the date of the loan application, the transaction is considered Rate/Term refinance.

If the land contract was executed within 12 months of the date of the loan application, the transaction is considered a **purchase**.

The following requirements apply:

- Primary residence only.
- Copy of fully executed land contract and payoff(s) to be obtained.
- Copies of canceled checks for 12 months (or term of the lease if less) as evidence of timely payments.
- If the land contract was executed less than 12 months ago, the borrower's previous housing payment history must also be verified to complete a completed 12-month history.

- Liens on title to be paid in full and reflected on settlement statement at closing.
- If the contract was executed less than 12 months ago, the lesser of the purchase price or the current appraised value must be used to determine CLTV. The current appraised value may be used to determine CLTV if the land contract was executed over 12 months ago.
- Cash-out and non-arm's length transactions not eligible.

5.5. LEASE WITH PURCHASE OPTION

Lease with purchase option transactions is allowed for primary residences only. Borrowers may apply a portion of the rent paid to their down payment requirements.

For lease with purchase option transactions, the file must contain:

- Copy of fully executed rental/purchase agreement verifying monthly rent and the specific terms of the lease.
- Rent Schedule (FNMA Form 1007).
- Copies of canceled checks for 12 months (or term of lease if less) as proof of rental payments.
- Credit for down-payment can only be a difference between current rent and market rent.

5.6. PERMANENT FINANCING FOR NEW CONSTRUCTION

The conversion of construction-to-permanent financing involves the granting of a long-term mortgage to a borrower to replace interim construction financing obtained by the borrower to fund the construction of a new residence. The borrower must hold title to the lot, which may have been previously acquired or purchased as part of the transaction.

When a refinance transaction is used, the borrower must have held legal title to the lot before he/she applied for the construction financing and must be named as the borrower for the construction loan.

A construction-to-permanent transaction may be closed as a purchase, Rate/Term refinance or cash-out refinance. All construction work must be complete.

For lots owned ≥ 12 months from application date for the subject transaction, CLTV is based on the current appraised value.

For lots owned < 12 months from application date for subject transaction, CLTV is based on the lesser of the current appraised value of the property or the total acquisition costs (sum of construction costs and purchase price of lot).

5.7. STATE SPECIFIC

NEW YORK

A&D allows state specific transactions in New York including CEMA loans. Please refer to pricing matrix.

- Closing Protection Letter is not required
- Professional Liability endorsed to A&D Mortgage is required

5.8. 1031 EXCHANGE

Assets for the down payment from a “like-kind exchange,” also known as a 1031 exchange, are eligible if properly documented and in compliance with Internal Revenue Code Section 1031. IRS code does not allow to use 1031 Exchange on a primary residence and A&D will follow Fannie Mae restrictions.

6. UNDERWRITING

6.1. MANUAL UNDERWRITING

All Non-QM loans are required to be manually underwritten. A&D Non-QM Guidelines are proprietary portfolio guidelines and can be used as an overlay to the most recent version of the FNMA Guidelines found at <https://www.fanniemae.com/content/guide/selling/index.html>. Where the Non-QM guidelines are silent, FNMA Guidelines may be followed, subject to underwriter discretion.

6.2. AGE OF DOCUMENTATION

Credit documents include credit reports, employment, and income documentation. If the credit documents are older than allowed, the document must be updated.

Type	Age of Documentation
Credit Report	No more than 60 days old before Submission Date and no more than 120 days before date Note is signed.
Income	No more than 120 days before date Note is signed.
Assets	No more than 120 days before date Note is signed.
Appraisal*	No more than 120 days before date Note is signed. *Re-certification allowed as per underwriter's discretion
Title Commitment & Closing Protection Letter	No more than 60 days before date Note is signed.

6.3. CUSTOMER IDENTIFICATION PROGRAM (CIP)

The USA Patriot Act requires banks and financial institutions to verify the name, date of birth, address, and identification number of all borrowers. Loan Originators are to follow the published CIP procedures for A&D to ensure the true identity of all borrowers has been documented – the CIP requirements can be found at https://www.ffiec.gov/bsa_aml_infobase/pages_manual/olm_011.htm

6.4. FRAUD REPORT & LOAN INTEGRITY

All loans must include a third-party fraud detection report for all individuals as borrowers/guarantors. Report findings must cover standard areas of quality control including, but not limited to:

- borrower validation,
- social security number verification,
- National Fraud Protection Database check, and
- property information (subject property and other real estate owned).

*All high-level alerts on the report must be addressed and cleared by the Lender

If the Lender cannot electronically access the fraud report to clear high-level alerts within the fraud provider’s system, an Underwriter’s Certification from the Lender is acceptable. The Certification must address each individual high alert and explain what actions were taken to satisfy the issues. It must be signed and dated by a member of the Lender’s underwriting staff or operations management personnel.

6.5. CREDIT STANDARDS

A tri-merged credit report is required. Unless otherwise addressed per specific program/borrower type, Fannie Mae underwriting guidelines must be followed for evaluating a borrower’s credit history.

Credit reports with bureaus identified as “frozen” are required to be unfrozen and a current credit report with all bureaus unfrozen is required.

6.5.1. CREDIT SCORES

US Citizens, Permanent Residents or Non-Permanent Residents residing in United States, the lowest qualifying score of all applicants is used to qualify. The qualifying score is defined as the lower of 2 or middle of 3 scores for each borrower. Borrowers with 1 available credit score reviewed on a case-by-case basis. Borrowers with no available credit score which contain no evidence of prior adverse or negative credit history are eligible for financing on the Prime program. For pricing and eligibility purposes refer to Eligibility Matrix with “No Fico” bucket. If the score is available, the loan may be priced using the actual Representative Loan Score. Borrowers with no credit scores may be considered for DSCR program on a case-by-case basis.

Foreign Nationals are not subject to credit score requirements unless Credit Score history is available. Foreign Nationals with active credit scores, will use middle of 3 or lowest for 2 or 1 if only 1 score available for FICO/LTV eligibility criteria and worst-case pricing.

For all programs, the applicable credit score is the middle of three scores provided for any borrower. If only two credit score are obtained, the lesser of two will be used. When there are multiple borrowers/guarantors, the lowest applicable score (if at least one No FICO - worst case between existing score and no FICO) from the group of borrowers/guarantors is the representative credit score for qualifying (the Representative Loan Score).

6.5.2. TRADELINE REQUIREMENTS

Refer to program specific guidelines for additional tradeline requirements, if any.

Minimum Tradelines		
Tradelines	Occupancy	Minimum Requirements
STANDARD TRADELINES	Primary and Second Homes Investment	3 tradelines reporting for 12 or more months and remained open within 12 months OR 2 tradelines reporting for 24 or more months and remained open within 12 months

To qualify as an acceptable tradeline, the credit line must be reflected on the borrower's credit report. The tradeline requirement applies to all borrowers whose income was used for qualification purposes. The account must have been reporting for the last 12 months.

Reporting tradeline period refers to how many months such tradeline has been captured on the credit report.

Accounts with delinquencies are allowed when the account has reported no more than 30-days past due. An acceptable 12 or 24-month housing history not reporting on credit report may also be used as a tradeline.

Credit lines on which the borrower or co-borrower is not obligated to make payments are not acceptable for establishing a minimum history. Examples of unacceptable tradelines include loans in a deferment period, collection or charged-off accounts, accounts discharged through bankruptcy, and authorized user accounts. Student loans can be counted as tradelines as long as they are in repayment and are not deferred.

6.5.3. STANDARD TRADELINES

Borrowers qualifying with Standard Tradelines are eligible for all occupancy types and programs.

6.5.4. LIMITED TRADELINES

When a borrower does not meet the requirements for Standard Tradelines, the requirements for Limited Tradelines may be applied. The following requirements apply when qualifying with Limited Tradelines:

- Primary residence, second homes and investment properties allowed under "Prime" program.
- 10% minimum borrower contribution for owner occupied and minimum 20% borrower contribution on investment property.

When qualifying with Limited Tradelines, a no FICO (0 FICO) (if no score exists) or Representative Loan Score is used to qualify the borrower under Prime.

6.5.5. INSUFFICIENT TRADELINES/ALTERNATIVE CREDIT

If the borrower does not meet the requirements for Standard Tradelines but still has a valid credit score and alternative trade lines, borrower may still qualify for Standard Tradelines.

Acceptable alternative credits:

- 24 months' utility bill verification
- 24 months' phone bill verification
- 24 months' HOA bill verification
- 24 months' insurance bill verification

6.5.6. CREDIT EVALUATION

Past due consumer debts can be no more than 30 days past due at time of closing.

Credit Events and bankruptcies in the most recent 2 years must be explained by the borrower with a signed letter of explanation. Housing and consumer lates \geq 60 days in the last 12 months also require written explanation. Supporting documentation may be required.

The underwriter must review the credit report for consumer lates to determine if the credit history is acceptable for the related program. If the consumer lates are not acceptable, underwriter may downgrade the allowable program or can choose to decline to extend credit to such borrower.

6.5.7. MORTGAGE PAYMENT HISTORY

Mortgage payment history for the subject property must be verified for the most recent 12 months for mortgages not reported on the credit report and 24 months for mortgages reflected on credit report.

- See below regarding delinquency requirements.
- Mortgage must be reviewed up to and including the month prior to the closing of the new loan.
- Mortgages must be current at application and closing.

Acceptable sources include institutional or private Verification of Mortgage (VOM). The underwriter must obtain the current balance, current status, monthly payment amount and a satisfactory 12-month payment history. Cancelled checks for the most recent 3 months to verify the validity of the 12-month VOM are required if the mortgage is serviced by the private servicer.

ANALYZING DELINQUENT MORTGAGE PAYMENTS HISTORY

Mortgage/housing payment history is determined as follows:

- 3 rolling 30-day lates are considered 1x30, each consecutive mortgage delinquency thereafter must be considered separately.
- 60, 90, 120-day lates are not considered for rolling.
- Borrowers who were in a forbearance agreement are eligible if their payment history is available and the borrowers have been making timely monthly payments since the forbearance period ended. If the payment history is not available or if the borrowers missed any payments after the forbearance period ended, the borrowers are not eligible.
- Borrowers who accepted a payment deferral plan and demonstrate a payment history reflecting three timely payments on their mortgage are eligible.

Following program eligibility criteria applies:

HOUSING PAYMENT HISTORY FOR ADDITIONAL PROPERTIES OWNED BY BORROWER

When the borrower owns additional property other than the subject property, verification of any mortgage liens on the other properties is required. If the property is indicated to be free and clear of any liens, the underwriter may accept the following indicating no liens:

- Homeowners insurance indicating no mortgagee.
- A 3rd party lien search or written documentation received from <http://www.protitleusa.com/>.

Borrower's owning 4 or more properties, the following criteria will apply:

- A mortgage history will be required on (3) largest investment properties, including the subject property (unless subject transaction is a purchase). In addition, the borrower's primary residence housing history is required to be verified.
- VOM or equivalent – Private Lender – When investment properties are financed and serviced by a Private Lender, only 3-months of cancelled checks or bank statements (reflecting the ACH payment) verifying timely payments will be required. In addition, the payoff statement for the subject property can reflect no more than 30-days of accrued interest.

For borrower's owning fewer than 4 properties, the payment history for all financed properties must be verified for the most recent 24-month period if mortgage is reflected on credit report and 12-month period if mortgage is not reflected on credit report.

*When an REO is stated at initial as free and clear on DSCR loan files we do not require further verification.

HOUSING PAYMENT HISTORY PROPERTIES OWNED BY BUSINESS

Properties other than subject property not reported on credit report owned by the business are excluded from liabilities and housing verification. Evidence the property is owned by the business must be documented (lien search showing the property is owned by the business, mortgage statement showing borrower is the business, 12-months cancelled checks, or other 3rd party documentation to confirm the property is owned by the business.

6.5.8. PAYMENT HISTORY ON ANY OTHER PROPERTY

Regardless of occupancy, payments on a manufactured home or second mortgage are considered to be a mortgage debt, even if reported as an installment loan.

6.5.9. CREDIT EVENTS – BANKRUPTCY / FORECLOSURE / SHORT-SALE / DEED-IN-LIEU / MODIFIED LOAN

- Collections and charge-offs that have passed beyond the statute of limitation for that state (supporting documentation required)

- All medical collections

For the Super Prime Program and the DSCR Investment Credit Grade, collection and charge-off balances exceeding the amounts listed above must be paid in full.

Under all other programs, collection and charge-off account balances remaining after the exclusions listed above may remain open when one of the following is met:

- Borrower has sufficient reserves to cover remaining collection and charge-off balances (in addition to the published reserve requirement); or
- Payment for remaining collections and charge-offs included in DTI results in final DTI \leq 50% (payment calculated at 5% of balance of remaining unpaid collections and charge-offs).

A combination of the two options above is allowed. A portion of the unpaid collection balance can be included in the DTI while the remainder is covered by excess reserves. Collections and charge-offs that cannot be factored into DTI or reserves must be paid off. Exceptions may be applied with compensations factors on a case-by-case basis.

6.5.11. INQUIRES

Credit inquiry letter is not required; however, the underwriter will condition if undisclosed debt monitoring shows new debt obtained.

6.5.12. LAWSUIT OR PENDING LITIGATION

If the application, title, or credit documents reveal that the borrower is presently involved in a lawsuit or pending litigation, a statement from the borrower's attorney is required. The statement must explain the circumstances of the lawsuit or litigation and discuss the borrower's liability and insurance coverage.

6.5.13. GAP CREDIT REPORT

A&D mortgage will monitor borrower's debts until closing date and may adjust DTI values at any time should new trade lines appear, or monthly payments change.

6.5.14. JUDGEMENT AND TAX LIENS

Tax liens and court-ordered judgments must be paid in full.

6.5.15. FEDERAL INCOME TAX INSTALLMENT AGREEMENT

When a borrower has entered into an installment agreement with the IRS to repay delinquent federal income taxes, the lender may include the monthly payment amount as part of the borrower's monthly debt obligations (in lieu of requiring payment in full) if:

- There is no indication that a Notice of Federal Tax Lien has been filed against the borrower
- The lender obtains the following documentation:
 - an approved IRS installment agreement with the terms of repayment, including the monthly payment amount and total amount due; and

- evidence the borrower is current on the payments associated with the tax installment plan. Acceptable evidence includes the most recent payment reminder from the IRS, reflecting the last payment amount and date and the next payment amount owed and due date. At least one payment must have been made prior to closing.

If any of the above conditions are not met, the borrower must pay off the outstanding balance due under the installment agreement with the IRS in accordance with Fannie Mae requirements: B3-6-07, Debts Paid Off At or Prior to Closing.

6.5.16. BANK STATEMENTS ANALYSIS TOOLS

A&D can accept bank statement analysis tools for calculation of deposits and NSF's attached to the file with underwriter's certification and bank statements review.

6.6. INCOME AND EMPLOYMENT

Stable monthly income is the borrower's verified gross monthly income from all acceptable and verifiable sources that can reasonably be expected to continue. While the sources of income may vary, the borrower should have a consistent level of income despite changes in the sources of income.

Can commingle documentation types subject to guideline restrictions and underwriter discretion (i.e., no tax returns in bank statement programs, DSCR is standalone).

Verification for Employed Borrowers:

A&D is allowing some flexibility in lieu of the traditional verbal verification of employment with one of the following methods:

- Written VOE: An email directly from the employer's work email address that identifies the name and title of the verifier and the borrower's name and current employment status may be used in lieu of a verbal VOE. This is required within 10 business days of the note date.
- Paystub: The underwriter may obtain a year-to-date paystub from the pay period that immediately precedes the note date.
- Bank statements: A&D can obtain bank statements evidencing the payroll deposit from the pay period that immediately precedes the note date.

Verification for All Self-Employed Borrowers:

- Underwriter must verify the existence of the business within 20 business days of the note date and ensure the business is active. Acceptable methods of business verification include:
 - Secretary of State Website. A list of SOS websites may be found at e-secretaryofstate.com
 - Verifying a phone listing and address for the borrower's business using a telephone book, the Internet, or directory assistance
 - Active Insurance policy (Errors & Omissions)
 - Documentation showing registration for remitting sales tax
 - Paid Supplier Invoices

- Bank Statements with transactions within 20 days
- Certificate of business existence issued within 20 days
- CPA verification
- Underwriter must consider the financial strength of a self-employed borrower's business.
- Underwriter will complete review on borrower's business to validate 2 and more years of existence, and business ownership %. A minimum of 25% ownership is required for self-employed borrowers.

Furloughed Borrowers:

A furlough is a suspension from active employment that does not typically guarantee restoration of an employee's position when the furlough period ends. Until furloughed employees return to work, they are unable to provide evidence of a stable and reliable flow of employment related income and are therefore ineligible.

Non-Profit:

Non-Profit businesses need to be full doc to confirm borrower's actual income.

6.6.1. FULL INCOME DOCUMENTATION (24-months)

For some types of income, federal income tax returns (personal and/or business) are required. Refer to section 6.6.1 above for specific requirements.

6.6.7. IRS 4506-C

IRS Form 4506-C must be completed and signed by all borrowers both at application and closing. The form must request the appropriate documentation type (W-2s, full tax transcripts, etc.).

6.6.8. BANK STATEMENTS PROGRAMS

BANK STATEMENT INCOME DOCUMENTATION

The Bank Statement Income Program is available for self-employed borrowers only. Four bank statement documentation options are available.

- 12-month personal bank statements
- 24-month personal bank statements
- 12-month business bank statements
- 24-month business bank statements

GENERAL REQUIREMENTS FOR ALL BANK STATEMENT INCOME PROGRAMS

The following are general rules for the Bank Statement Income programs. Refer to the specific borrower type for additional requirements.

- The borrower's business used for qualifying purposes must have been in existence for at least two years. The borrower also must own the business for at least two years in case of the change of ownership. A change in structure is allowed with proper documentation – example borrower

previously was a sole proprietor but has changed structure to an LLC.

- All parties listed on each bank account must also be borrowers on the loan (personal bank statements)
- To understand the nature of business and its operations, underwriter may request the borrower or tax preparer to provide a written, signed statement to include the following information about the business:
 - The nature of the business
 - How income is generated
 - How long the business has been in existence
- Statements must be the most recent consecutive months available at the application date, all pages. Must comply with documentation age requirement in Section 6.2. Should Age from the most recent bank statement provided to note date is over the age requirement, additional statements must be provided to meet age requirements.
- Underwriter must verify the business is currently open and operating within 20 business days of the note date (see examples of verification methods within these Guidelines).
- Statements must support stable and generally predictable deposits.
- Unusual deposits should be documented. Unusual deposits will be determined by the underwriter's analysis of the loan file.
- Deposits/earnings trend showing a consistent decline over the prior years should not be considered as stable or usable income for qualification purposes. A written explanation for the decline should be obtained from the borrower and/or employer. In instances where there is sufficient information to support the use of the income, the most recent lower income over the prior 2-year period must be used and may not be averaged.
- Statements can be accepted from banks, thrifts, credit unions and other regulated financial institutions. Well-recognized payment processors such as PayPal can be considered on a case-by-case basis.
- Additional income deposited into the bank accounts but derived from a source other than the self-employed business may not be included in the bank statement average (personal bank statements).
 - W-2 earnings or other income sources not associated with self-employment, such as employed as a wage earner or spouse's income, must be documented using Full Doc.
 - When wage income is combined with bank statement documentation, a tax return is not required for the full income documentation, as this would invalidate the bank statements.
 - The 4506-C is still required; however, box 7 should be checked and box 8 should be filled to obtain a transcript of W-2 earnings only.
 - 4506-C is not required except as described above for co-mingled income.
 - Tax returns and Transcripts are not required for the program and must not be provided. If Tax returns and/or Transcript are provided the loan will be ineligible for bank statement

documentation.

- Bank Statements in foreign languages may be provided by Chase, Wells Fargo or other United States banking institutions along with a copy of printouts from accounts with verifiable URL references are acceptable. The bank statements must be translated to English.

NON-SUFFICIENT FUNDS (NSF)

Non-sufficient funds (NSF) or negative balances reflected on the bank statement must be considered. Occurrences included in the analysis are subject to the following tolerances:

- 1 NSF occurrence is defined as one or more checks returned the same day.
- Maximum of 3 NSFs occurrences in the most recent 12-month period are allowed.

Exception requests for tolerance deviations must include additional compensating factors outlined by the underwriter supporting the viability of income. Underwriter must consider the financial strength of a self-employed borrower's business.

OVERDRAFT PROTECTION (FEES)

Overdraft protection (Fees) associated with a pre-arranged link to a savings account or line of credit must also be considered as NSF unless one of the following conditions exist:

- Overdraft protection from a depository account: Occurrences may be excluded if statements for the linked account confirm that (a) the linked account balance at the time of the transfer exceeded the amount of the overdraft transfer, (b) the linked account's balance did not report as zero or negative at any point during the statement period of the transfer, and (c) the linked account did not itself receive overdraft protection proceeds during the statement period of the transfer.
- Overdraft protection from a line of credit: Occurrences may be excluded if statements for the linked account confirm that (a) the line's credit limit was not exceeded during the statement period of the transfer and (b) a payment amount which equals or exceeds the sum of all overdraft protection occurrences analyzed in the statement period is made within 30 days after the statement close date.

PERSONAL BANK STATEMENT DOCUMENTATION REQUIREMENTS

- 12 or 24 months complete personal bank statements from the same account. Online bank statements are acceptable if they clearly identify the account holder and the URL associated with the financial institution.
- Multiple bank accounts may be used; however, only personal, non-business accounts may be used.
- Schedule C borrowers are considered self-employed. No Business ownership required for Schedule C borrowers
- If personal statement is used for business operations and reflects the company's revenue and expenses flow such statement will follow business bank statement requirements (expense ratio will be applied)
- Verification of the borrowers' business required. Standard 3rd party verification applies. (For

Schedule C borrowers verification of employment/income)

- Income must be disclosed on the Initial signed 1003.
- If the bank statements provided reflect payments being made on obligations not listed on the credit report additional information must be obtained to determine if the liability should be included in the borrower's debt-to-income ratio.
- If the obligation does not belong to the borrower, supporting documentation is required.
- If the borrower is the obligor on the debt, an account statement and pay history should be obtained to review the account for acceptability. The payment must be included in the debt ratio.

PERSONAL BANK STATEMENT INCOME CALCULATION

- 100% of stable and generally predictable deposits are used for income and averaged over 12 or 24 months (corresponding to the number of bank statements provided (12 or 24).
- Unusual deposits must be documented. The underwriter will determine what is considered unusual based upon the review of the loan file.
- Transfers between personal accounts should be excluded.
- Transfers from a business account into a personal account are acceptable.
- Any deposits from income derived from a source other than the self-employed business may not be included in the bank statement average.

BUSINESS BANK STATEMENT DOCUMENTATION REQUIREMENTS

- 12- or 24-months complete business bank statements from the same account (in a case of account being closed due to fraudulent activity a different account may be considered with management approval).
- Personal account may be used along with Business Account. Personal account will be subject to the same underwriting requirements as a business account, and would be counted towards the maximum accounts allowed to be used.
- If personal statement is used for business operations and reflects the company's revenue and expenses flow such statement will follow business bank statement requirements (expense ratio will be applied)
- Cannot use more than two accounts per business.
- Borrower must own at least 25% of the business.
- Online bank statements are acceptable if they clearly identify the account holder and the URL associated with the financial institution.
- Business bank accounts, personal bank accounts addressed to a DBA, or personal accounts with evidence of business expenses may be used.
- Income must be disclosed on the Initial signed 1003.
- Verification borrower is 25% or more ownership of the business required. Standard 3rd party verification of business requirements applies.

- Business income and expenses must be documented using the methods below, in this order:
 - 1) Standard Expense Ratio:
 - A standard business ratio of 50% may be applied, and if loan qualifies applying such ratio, additional supporting documentation is not needed.
 - Ratios less than 50% would require a third-party prepared Business Expense Letter or P&L Statement.
 - If the underwriter believes the related industry has an expense ratio that is materially higher than 50%, the underwriter may require additional documentation at their discretion to support such-expense ratio.
 - 2) Business Expense Letter:
 - An expense letter specifying business industry and expenses as a percent of the gross annual sales/revenue, prepared and signed by either a CPA or tax preparer or enrolled tax agent. The preparer must have a currently active license or status at IRS portals:
 - <https://irs.treasury.gov/rpo/rpo.jsf>
 - <https://www.irs.gov/tax-professionals/ptin-information-and-the-freedom-of-information-act>
 - 3) P&L statement – must be certified by a CPA, licensed tax preparer or enrolled tax agent – covering the same period as the bank statements. P&Ls and any letters that come from CPA/Tax Preparer/Enrolled Agent must be signed and dated. CPA, Tax Preparer or Enrolled Agent must have a currently active license or status at IRS portals:
 - <https://irs.treasury.gov/rpo/rpo.jsf>
 - <https://www.irs.gov/tax-professionals/ptin-information-and-the-freedom-of-information-act>
 - The expenses in the P&L statement must be itemized and reasonable for the nature of the business.
 - The total of eligible deposits in the business bank accounts must support the 12/24-month P&L by being no less than 10% below the P&L Gross Revenue (P&L top line). If the deposits equal 90% or more of Gross Revenue, the P&L is deemed validated.
 - Borrower will receive credit for the deposits equal to ownership percentage of the company:

Example – if the borrower owns 100% of the company, then 100% of the deposits can be contributed to the borrower. If the borrower owns 25% of the company, only 25% of the deposits may be credited to the borrower.

BUSINESS BANK STATEMENT INCOME CALCULATION

- Transfers from other accounts and wire transfers must be documented or excluded from the calculation.
- Income documented separately but co-mingled must be backed out of deposits.
- Statements should show a trend of ending balances that are stable or increasing over time. Decreasing or negative ending balances must be explained.

- ADM will allow P&L statements from 2 separate companies. Each company must have their own P&L.
- If the borrower owns multiple businesses, A&D will require multiple P&L statements.
- Borrower must own at least 25% of the business, with using pro-rated portion of qualifying income.
- To understand the nature of business and its operations, underwriter may request the borrower or tax preparer to provide a written, signed statement to include the following information about the business:
 - The nature of the business

- How income is generated
- How long the business has been in existence
- Expenses:
 - Need to make sense for the type of business, and underwriter may ask for additional documentation at their discretion.
 - The P&L must have the expenses itemized.
 - Underwriter reserves the right to evaluate declining income and deem it acceptable or not based on other loan characteristics.
- If the borrower owns multiple businesses, A&D will require multiple P&L statements.

6.6.10. ASSET UTILIZATION

Asset Utilization may be used to determine qualifying income. See the applicable A&D Product Matrix for credit score and CLTV restrictions.

Gift funds are not allowed.

Qualified Assets can be comprised of stocks, bonds, mutual funds, vested amount of retirement accounts and bank accounts. If a portion of the qualified assets are being used for down payment, closing costs, or reserves, those amounts must be excluded from the balance before analyzing a portfolio for income determination. Funds from foreign accounts in a verifiable financial institution along with translation and proper currency conversion rate are acceptable. Business assets are not permitted.

The following assets are considered Qualified Assets and can be utilized to calculate income:

- 100% of checking, savings, money market accounts, and Certificate of deposit (CD)
 - 100% of the remaining value of public traded stocks, bonds, and mutual funds
 - 70% of retirement assets
 - 4-month seasoning of assets required
 - Proceeds from cash-out excluded from Qualifying assets
- The income calculation is as follows:

Monthly Income = Net Qualified Assets / 60 Months*

*60 months used to assume a standard rate of return and income received for 5 years

Borrowers must have the lesser of (a) 1.1 times the loan balance or (b) \$1mm in Qualified Assets, both of which must be net of down payment, loan costs and required reserves to qualify. When borrowers are not the only holder of the account, the letter from other parties on the account must be provided stating that 100% of the account funds can be used by the borrower. Exceptions on minimum qualifying assets may be applied on a case-by-case basis with compensating factors if assets used as supporting income.

6.6.11. RENTAL INCOME

Rental income can be used for qualifying. The following requirements apply:

- Rental income must be disclosed on the loan application
- Rental income from a 1-unit primary residence or second homes may not be used
- Required forms:
 - Single Family Comparable Rent Schedule (FNMA Form 1007) or AirDNA Rentalizer for the subject property
 - 1-4 Family Rider Assignment of Rents for all investment properties (FNMA Form 3170)

Note: If rental income from the subject property is not being used to qualify, the gross monthly rent must still be documented with forms 1007 for lender reporting purposes.

The treatment of the monthly qualifying rental income or loss in the total debt-to-income ratio varies based on occupancy of the property. If the property is a primary residence, the following applies:

- The monthly qualifying rental income must be added to the borrower's total monthly income (income is not netted against the PITIA); and
- The full PITIA must be included in the borrower's total monthly obligations when calculating the DTI. If the rental income or loss relates to a property other than the borrower's primary residence, the following calculations apply:
 - If the monthly qualifying rental income minus the full PITIA is positive, it must be added to the borrower's total monthly income.
 - If the monthly qualifying rental income minus PITIA is negative, the monthly net rental loss must be added to the borrower's total monthly obligations.
- The full PITIA for the rental property is factored into the amount of the net rental income or loss; therefore, it should not be counted as a monthly obligation.

If a property is rented on a short-term basis through a short-term rental facilitator (such as Airbnb), rental income may be documented through statements from short-term rental facilitators. 75% of Average actual short-term rental income over the past twelve months less the PITIA must be used to calculate the income. If there is no actual lease agreement, 75% of short-term rental income estimators (AirDNA rentalizer) may be used only for Investment programs according to underwriting discretion. Refer to pricing matrices for maximum CLTV on short-term rental properties.

CALCULATING GROSS RENTAL INCOME FROM THE SUBJECT PROPERTY

Rental income from the subject property owned prior to loan application should be calculated using the borrower's federal income tax returns for the most recent 2-year period (Cash Flow Analysis of Schedule E) for Full Doc loans. Income should be averaged. Net rental losses should be included in ratios as a liability. Schedule E must not be provided for alternative income documentation program. Rental income must be documented using fully executed lease (not required for subject property) for

alternative income programs. New lease is acceptable for purchase transaction only on seller's name with 3 months payments (first and last month and deposit).

For income calculations:

- Actual rent will be used if provided (lease, 1007 actual rent value,); or
- If actual rent is greater than 1007 by 25%, then the value used for income calculation is subject to underwriter's discretion; or
- If there is no actual rent provided, then rental valuation on appraisal form 1007 will be used; or
- Cash flow analysis of the Schedule E from the most recent year's federal income tax return (applicable for Full Documentation only)

RENTAL INCOME FROM OTHER REAL ESTATE OWNED

Rental income from another property owned prior to loan application should be calculated using the borrower's federal income tax returns for the most recent period (Cash Flow Analysis of Schedule E). Income should be averaged. Net rental losses should be included in ratios as a liability. Schedule E must not be provided for alternative income documentation program. Rental income must be documented using fully executed lease (not required for subject property) for alternative income programs.

For income calculations:

- Actual rent will be used if provided (lease, 1007 actual rent value); or
- Cash flow analysis of the Schedule E from the most recent year's federal income tax return (applicable for Full Documentation only)

6.6.12. VENEZUELA SPECIFIC

Income derived from business activity or employment in Venezuela, (regardless of borrowers' citizenship origin or legal status) is not eligible for qualification. Eligible products are:

- DSCR – Purchase & Rate/term loans will be limited to 60% maximum CLTV for Foreign National Transactions
- DSCR - Cash-Out will be limited to 55% for Foreign National Transactions

6.6.13. DEBT-SERVICE COVERAGE RATIO (DSCR)

The DSCR calculation is as follows:

Debt-Service Coverage Ratio = Gross Income / Proposed PITIA

When a long-term rent is used for DSCR calculation:

To calculate gross income, actual rent, or rental valuation from 1007 may be used:

- Actual rent reflected on:
 - 1007

- 100% of long-term rental value will be used for qualification purposes
- Lease agreement (new lease is acceptable for purchase transaction only on seller's name with 3 months payments (first and last month and deposit).

If there is no actual rent available for review, then rental valuation on appraisal form 1007 will be used. If actual rent is greater than 1007 by 25% then the value used for income calculation is subject to underwriter's discretion.

When a short-term rent is used for DSCR calculation:

To calculate gross income, actual rent, or rental valuation from AirDNA rentalizer may be used:

- Actual rent reflected on:
 - Short-term rental agreement (75% of 12 months average rental income)
 - 1007 (if reflected as short-term rental)
 - 75% of short-term rental value will be used for qualification purposes

If there is no actual rent available for review, then 75% of short-term rental income estimators (such as AirDNA rentalizer) may be used according to underwriting discretion. If the purpose of transaction is a refinance and the property is occupied by the tenant with the long-term rental agreement, the short-term calculations cannot be used.

To proceed with a short term rent the borrower must comply with all state and county regulations for short term rental and sign the short-term rental addendum. The short-term rental is prohibited in the following states: NY.

6.6.14. REDUCED DOCUMENTATION FOR A SECONDARY BUSINESS

This section applies to Full Documentation loans. For alternative documentation, secondary business may be not provided.

Business tax returns, associated schedules, and profit and loss statements may be waived when all of the following requirements are met:

- Income/loss referenced on personal tax returns is generated from a secondary business that is not the borrower's primary income source; and
- Income/loss from each separate business is $\leq 10\%$ of qualifying income for the transaction; and
- All losses are subtracted from the borrower's qualifying income.

If income from a business is used to qualify the borrower, or if business expenses are added back to income or a loss, then business tax returns, associated schedules, and profit and loss statements must be obtained. Discretion may be used whether to obtain all documentation for self-employed earnings when the secondary business may have a significant impact on the loan.

6.6.15. CASH FLOW ANALYSIS

A written evaluation must be prepared of the analysis of a self-employed borrower's personal income, including the business income or loss, reported on the borrower's federal income tax returns. A copy of the written analysis must be included in the loan file.

6.7. QUALIFYING RATIOS

Refer to the Program Matrix for specific qualifying ratios per loan program.

Back-End DTI	Super Prime, Prime / Foreign National
Debt Ratio	55% / 43%

- All programs will be qualified at the greater of the fully indexed rate or the note rate.
- Interest Only: Qualifying Ratios are based on PITIA payment with the principal and interest payments amortized over the scheduled remaining loan term at the time of recast after the interest only period has expired.
- Transactions resulting in significant payment shock should always be considered by the underwriter. The borrower's income must clearly support the borrower's ability to make the higher monthly payment. It is at the underwriter's discretion to require additional verification of assets or a larger down payment as a compensating factor for a loan with high payment shock.
- For other properties owned, documentation to confirm the amount and/or presence or absence of liability for P&I, taxes, insurance, HOA dues, lease payments or other property-related expenses must be provided.
- DTI > 50% Eligibility:
 - Primary Residence and Second Home
 - Purchase, Rate/Term
 - Maximum 80% CLTV
 - Min FICO 680

6.7.1. RESIDUAL INCOME

All loans must meet the residual income requirements below.

- Residual income calculation must be calculated on each loan, except on loans that fall under business purpose lending.
- Residual income equals Gross Monthly Qualifying Income less the Monthly Debt obligation.
 - \$2,000 for Super Prime
 - \$1,500 for Prime

6.7.2. CREDIT TYPES FOR QUALIFYING RATIOS

REVOLVING CHARGES /LINES OF CREDIT

If the credit report does not show a required minimum payment amount and there is no supplemental documentation to support a payment of less than 5%, the underwriter must use the greater of \$10 or 5% of the outstanding balance as the borrower's recurring monthly debt obligation.

INSTALLMENT DEBT

All installment debt that is not secured by a financial asset – including student loans, automobile loans and home equity loans – must be considered part of the borrower’s recurring monthly debt obligations if there are more than 10 monthly payments remaining.

PAYOFF OF OR PAYDOWN OF DEBT

Payoff or paydown of debt solely to qualify must be carefully evaluated and considered in the overall loan analysis. The borrower’s history of credit use should be a factor in determining whether the appropriate approach is to include or exclude debt for qualification. As a rule of thumb:

- Installment loans that are being paid off or paid down to 10 or fewer remaining monthly payments should generally not be included in the borrower’s long-term debt.
- If a revolving account is to be paid off, a monthly payment on the current outstanding balance may not need to be included in the borrower’s long-term debt, i.e., not included in the DTI ratio.

30-DAY CHARGE ACCOUNTS

For open 30-day charge accounts that do not reflect a monthly payment on the credit report, or 30-day accounts that reflect a monthly payment that is identical to the account balance, borrower funds must be verified to cover the account balance. The verified funds must be in addition to any funds required for closing costs and reserves. The underwriter will include the balance of the 30-day charge accounts in the required funds to close and/or reserve amount.

STUDENT LOANS

For all student loans, whether deferred, in forbearance, or in repayment, a monthly payment must be included in qualifying. Copies of the borrower’s payment letters, or forbearance agreements must be provided so that a monthly payment amount can be determined. The monthly payment to be used is the lesser of:

- 1% of the outstanding balance, or
- The actual documented payment.
- If the actual documented payment is less than 1% of the outstanding balance and will fully amortize the loan with no payment adjustments, the lower amortizing payment may be used in qualifying.
- If the borrower is on an income-driven payment plan, the lender may obtain student loan documentation to verify the actual monthly payment is \$0. The lender may then qualify the borrower with a \$0 payment.

AUTO LEASE PAYMENTS

Payment must be included in qualifying DTI unless:

- the account in question does not have a history of delinquency, and
- the auto lease payments are paid by another party other than the borrower or out of a business account (i.e., such as 12 months of canceled company checks).

ALIMONY, CHILD SUPPORT AND MAINTENANCE PAYMENTS

Payments must be included as a liability.

REO PROPERTIES OWNED BY BUSINESS AND PAID FROM BUSINESS ACCOUNTS

Payment must be excluded as a liability.

6.7.3. BUSINESS DEBT

Business debt appearing on the borrower's individual credit report will be included in the debt calculation unless the debt can be verified as a business expense and independent of the borrower's personal obligation.

Documentation Requirements

- Twelve (12) months canceled checks; or
- Automatic drafts from the business account
- Business debt being excluded from the monthly obligation must have a paid-on time payment history.

6.8. ASSETS

Assets to be used for down payment, closing costs, debt payoff, and reserves must be seasoned or sourced for 60 days. Documentation must be provided to evidence seasoning and sourcing by any of the following:

- Most recent 2 months' account statements, or most recent quarterly account statement, indicating opening and closing balances, and reflecting a consecutive 60 days of asset verification
- Supporting documentation should be obtained for single, unexplained deposits that exceed 50% of the borrower's gross monthly qualifying income for the loan
- Documentation of large deposits is not required on refinance transactions
- Written Verification of Deposit (VOD), completed by the financial institution
- Must include the current and average balances for the most recent 2 months
- Large disparities between the current balance and the opening balances will require additional verification or supporting documentation
- Online bank statements are acceptable if they clearly identify the account holder and the URL associated with the financial institution (printouts from the financial institution printed and signed by financial institution officer are acceptable for qualification)
- Account statements must provide all of the following information:
 - Borrower as the account holder
 - Account number
 - Statement date and time-period covered
 - Current balance in US dollars
 - For new bank accounts with less than 60 days seasoning, all 'large' or 'unusual' deposits

should be verified (even for DSCR where income not qualified)

6.8.1. PURCHASE TRANSACTION

On Purchase transactions - Earnest Money/down payment deposits must be verified with an Escrow letter from a Third party – (i.e., Title/Escrow company and not related to seller/builder) plus copies of cancelled escrow checks and/or wires along with evidence the funds have cleared the borrower’s account.

- Special consideration for purchases with escrow deposits made >12 months from date of application - ADM will accept Escrow deposit confirmation – Escrow letter, from a non- builder related/owned title agent holding the funds for closing.

6.8.2. GIFT FUNDS

- Gift funds are allowed for primary or second home purchase and Rate/Term transactions with 80% CLTV without any contribution from the borrower. For CLTV above 80% CLTV, borrower must contribute at least 5% from their own funds. For investment transaction, the borrower must contribute at least 20% from their own funds with maximum 80% CLTV. Gift funds are not allowed for CLTV above 80% on Investment property. See below matrix:

- Donor must be an immediate family member, future spouse, or domestic partner living with borrower.
- An executed gift letter with the gift amount, donor’s name, address, and telephone number and relationship is required.
- Proof of transfer and receipt of funds. Acceptable documentation includes the following:
 - A copy of the donor’s check and the borrower’s deposit slip, or
 - A copy of the donor’s withdrawal slip and the borrower’s deposit slip, or
 - A copy of the donor’s check to the closing agent, or
 - A settlement statement showing receipt of the donor’s check. When the funds are not transferred prior to settlement, the lender must document that the donor gave the closing agent the gift funds in the form of a certified check, cashier’s check, other official check or wire.

6.8.3. MARKETABLE SECURITIES

- 100% of the vested assets in the form of stocks, bonds and mutual funds may be used for down payment, closing costs, and reserves.
- Borrower ownership of the account and vesting must be documented.
- Most recent retirement account statement covering a minimum 2-month period.
- Evidence of liquidation is required when funds are used for down payment or closing costs.
- Non-vested or restricted stock accounts are not eligible for use as down payment, closing costs or reserves.

 - Letter from CPA or certified tax preparer must be signed and dated.
 - Fannie Mae Cash Flow Analysis Form 1084 or similar cash flow analysis form using the most recent 3 months of business bank statements.

6.8.6. RESERVES

 - 12 months reserves for Foreign Nationals.

- Cash out proceeds cannot be used for reserves

6.8.7. COUNTRY SPECIFIC

The manufactured home must be built in compliance with:

- the Federal Manufactured Home Construction and Safety Standards that were established June 15, 1976, as amended and in force at the time the home is manufactured; and
- additional requirements that appear in HUD regulations at 24 C.F.R. Part 3280.

Compliance with these standards will be evidenced by the presence of both a HUD Data Plate and the HUD Certification Label(s). If the original or alternative documentation cannot be obtained for both the HUD Data Plate and the HUD Certification Label(s), the loan is not eligible.

The HUD Data Plate is a paper document located on the interior of the subject property that contains, among other things, the manufacturer's name and trade/model number. The Data Plate includes pertinent information about the unit, including a list of factory-installed equipment. The HUD Certification Label(s), sometimes referred to as a HUD "seal" or "tag," is a metal plate located on the exterior of each section of the home. The Manufactured Home Appraisal Report (Form 1004C) must have photos of both the HUD Data Plate and the HUD Certification Label(s).

- Manufactured homes that have an addition or have had a structural modification are eligible under certain conditions. If the state in which the property is located requires inspection by a state agency to approve modifications to the property, then the lender is required to confirm that the property has met the requirement. However, if the state does not have this requirement, then the structural modification must be inspected and be deemed structurally sound by a third party who is regulated by the state and is qualified to make the determination. 8. INSURANCE AND TAXES REQUIREMENTS

COVERAGE REQUIREMENTS

Property insurance must protect against loss or damage from fire and other hazards covered by the standard extended coverage endorsement. The coverage must provide for claims to be settled on a replacement cost basis. Extended coverage must include, at a minimum, wind, civil commotion (including riots), smoke, hail, and damages caused by aircraft, vehicle, or explosion.

A&D does not accept property insurance policies that limit or exclude from coverage (in whole or in part) windstorm, hurricane, hail damages, or any other perils that normally are included under an extended coverage endorsement.

Lenders should advise borrowers that they may not obtain property insurance policies that include such limitations or exclusions, unless they are able to obtain a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril or from an insurance pool that the state has established to cover the limitations or exclusions.

Additional requirements apply to properties with solar panels that are leased from or owned by a third party under a power purchase agreement or other similar arrangement.

FIRST MORTGAGES

For a first mortgage secured by a property on which an individually held insurance policy is maintained, A&D requires coverage equal to the lesser of the following:

100% of the insurable value of the improvements, as established by the property insurer; or the unpaid principal balance of the mortgage, as long as it at least equals the minimum amount—80% of the insurable value of the improvements—required to compensate for damage or loss on a replacement cost basis. If it does not, then coverage that does provide the minimum required amount must be obtained.

Determining the Amount of Required Property Insurance Coverage provides a formula for determining the amount of property insurance coverage generally required for a first mortgage.

The following table describes how to calculate the amount of required property insurance coverage:

STEP	DESCRIPTION
1	Compare the insurable value of the improvements as established by the property insurer to the unpaid principal balance of the mortgage loan.
1A	If the insurable value of the improvements is less than the unpaid principal balance. The insurable value is the amount of coverage required.
1B	If the unpaid principal balance of the mortgage loan is less than the insurable value of the improvements, go to Step 2.
2	Calculate 80% of the insurable value of the improvements.

2A	If the result of this calculation is equal to or less than the unpaid principal balance of the mortgage, the unpaid principal balance is the amount of coverage required.
2B	If the result of this calculation is greater than the unpaid principal balance of the mortgage, this calculated figure is the amount of coverage required.

Examples:

CATEGORY	PROPERTY A	PROPERTY B	PROPERTY C
Insurable Value	\$90,000	\$100,000	\$100,000
Unpaid Principal Balance	\$95,000	\$90,000	\$75,000
80% Insurable Value	-	\$80,000	\$80,000
Required Coverage	\$90,000	\$90,000	\$80,000
Calculation Method	Step 1A	Step 2A	Step 2B

DEDUCTIBLES AMOUNT

The maximum allowable deductible for insurance covering a property (including common elements in a PUD, condo, or co-op project) securing a first mortgage loan is 5% of the face amount of the policy. When a policy provides for a separate wind-loss deductible (either in the policy itself or in a separate endorsement), that deductible must be no greater than 5% of the face amount of the policy.

RENT LOSS COVERAGE

Rent loss insurance is not required.

EFFECTIVE DATE REQUIREMENTS FOR PURCHASE TRANSACTIONS

All policies cannot go into effect more than 30 days prior to closing, unless policy has been paid in full.

EFFECTIVE DATE REQUIREMENTS FOR REFINANCE TRANSACTIONS

If HOI is expiring withing less than 30 days from the closing date, the updated policy must be provided to be paid at closing.

ACCEPTABLE FLOOD INSURANCE POLICIES

Flood insurance should be in the form of the standard policy issued under the NFIP or by a private insurer. The terms and conditions of the flood insurance coverage must be at least equivalent to the terms and conditions of coverage provided under the standard policy of the NFIP for the appropriate property type. The paid receipt and Policy Declaration page of a policy are acceptable evidence of coverage.

FLOOD COVERAGE FOR FIRST MORTGAGES

The minimum amount of flood insurance required for most first mortgages secured by one- to four-unit properties, individual PUD units, and certain individual condo units (such as those in detached condos, townhouses, or rowhouses) is the lowest of:

- 100% of the replacement cost of the insurable value of the improvements;
- the flood coverage must be equal to or greater than the amount of the home-owner's insurance
- the maximum insurance available from the NFIP, which is currently \$250,000 per dwelling; or
- the unpaid principal balance of the mortgage.

To determine replacement cost, one of the following must be obtained:

- "Replacement Cost" or "Guaranteed Replacement Cost" verbiage – only acceptable when the total insured value is equal to/greater than the loan amount.
 - Total Insured Value = Dwelling coverage + any extended dwelling/RC coverage included on policy
- Replacement Cost Estimator (RCE) provided by the agent, detailing the estimated cost to rebuild.
- Copy of Replacement Cost Endorsement
- Written confirmation from agent that the coverage is sufficient for full replacement (email from agent, signed statement on agent's letterhead, etc.).
- State Farm policies: "Similar Construction" endorsement verbiage is included on policy.
- USAA: Generic letter stating coverage amount is based on their replacement cost estimator.
- In the event none of the above options are available, a processor cert from an A&D processor confirming the coverage is sufficient for full replacement is acceptable. The date/time, name and contact information of the agent must be included on the cert.

FLOOD REQUIREMENTS FOR PROJECT DEVELOPMENTS

If a first mortgage is secured by a unit in an attached condo project and any part of the improvements are in an SFHA, the lender must verify that the HOA maintains a master or blanket policy of flood insurance and provides for premiums to be paid as a common expense.

FLOOD FOR INDIVIDUAL CONDO UNITS

Stand-alone flood insurance dwelling policies for an attached individual condo unit are not acceptable. A master condo flood insurance policy must be maintained by the HOA, subject to the coverage requirements below. (For detached units, refer to the requirements described in Coverage for First Mortgages above.)

CONDO PROJECTS

The lender must verify that the HOA maintains a Residential Condominium Building Association Policy or equivalent private flood insurance coverage for the subject unit's building if it is located in an SFHA.

The policy must cover all of the common elements and property (including machinery and equipment that are part of the building), as well as each of the individual units in the building.

The master flood insurance policy must be at least equal to the lower of

- 80% of the replacement cost, or
- the maximum insurance available from NFIP per unit (which is currently \$250,000).

If the condo project master policy meets the minimum coverage requirements above but does not meet the one- to four-unit coverage requirements (described in Coverage for First Mortgages), a supplemental policy may be maintained by the unit owner for the difference.

The contents coverage for the building should equal 100% of the insurable value of all contents owned in common by association members.

If the condo project has no master flood insurance policy or if the master flood insurance policy does not meet the requirements above, mortgages securing units in that project are not eligible for A&D Mortgage financing.

FLOOD PUD UNITS (attached and detached):

A&D Mortgage requires the same flood insurance for individual PUD units that is required for other one- to four-unit properties (described in Coverage for First Mortgages above). A stand-alone dwelling policy may be maintained to meet these requirements.

UNACCEPTABLE FLOOD INSURANCE POLICIES

ACORD policies are not acceptable to document proof of flood insurance.

HAZARD INSURANCE

All insurance policies must meet one of the conditions below to be considered acceptable:

- Dwelling coverage on policy is equal to or greater than the appraised value OR
- Replacement cost estimator provided (excluding FL) OR
- Policy contains the verbiage “100% Replacement Cost”, “Guaranteed Replacement Cost”, “Replacement Cost Loss Settlement” or “Replacement Cost” for Dwelling coverage OR
- A&D processor certification provided confirming coverage includes “replacement cost” (certification must include date/time, name/contact information of insurance agent) OR
- Coverage equals to the loan amount, as long as the loan amount equals to at least 80% of the insurable value per an RCE received by the insurance agent (if agent is unable to provide an RCE, A&D processor cert confirming the insurable value amount will be required - cert must include date/time, name/contact information of insurance agent)

In addition, the policy cannot contain any exclusions and must have a maximum deductible of 5%.

8.1 PROPERTY INSURANCE COVERAGE FOR UNITS IN PROJECT DEVELOPMENTS

COVERAGE FOR UNITS IN PROJECT DEVELOPMENTS

A&D Mortgage generally does not require individual insurance policies for a condo unit that secures a first mortgage. However, if the legal documents for the project allow for unit insurance policies for each first mortgage that A&D originates in a condo or co-op project, A&D will accept the individual unit insurance policies that meet the requirements in B7-3-06, Evidence of Property Insurance, and Chapter B7-3, Property and Flood Insurance.

REQUIRED COVERAGE FOR CONDO OR PUD PROJECTS

This section covers property insurance requirements for insurance policies covering the common elements of condo and PUD projects—the project’s blanket or master policy.

Acceptable policies must provide coverage for either an individual project or multiple affiliated projects. The insurance policy must at a minimum protect against fire and all other hazards that are normally covered by the standard extended coverage endorsement, and all other perils customarily covered for similar types of projects, including those covered by the standard “all risk” or “special form” endorsement. If the policy does not include an “all risk” or “special form” endorsement, A&D will accept a policy that includes the “broad form” covered causes of loss. The applicable requirements are:

- **PUD Requirements** — The HOA must maintain a property insurance policy, with premiums being paid as a common expense. The policy must cover all of the common elements except for those that are normally excluded from coverage, such as land, foundation, and excavations. Fixtures and building service equipment that are considered part of the common elements, as well as common personal property and supplies, should be covered.

Individual insurance policies are also required for each unit mortgage that A&D originates in a PUD project. If the project’s legal documents allow for blanket insurance policies to cover both the individual units and the common elements, A&D will accept the blanket policies in satisfaction of its insurance requirements for the units.

- **Condo Requirements** — The lender must review the entire condo project insurance policy to ensure the HOA maintains a master or blanket type of insurance policy, with premiums being paid as a common expense. The insurance requirements vary based on the type of HOA master or blanket insurance policy as follows:
 - “Single Entity” policy: The policy must cover all of the general and limited common elements that are normally included in coverage. These include fixtures, building service equipment, and common personal property and supplies belonging to the HOA. The policy also must cover fixtures, equipment, and replacement of improvements and betterments that have been made inside the individual unit being financed. The amount of coverage must be sufficient to restore the condo unit to its condition prior to a loss claim event. If the unit interior improvements are not included under the terms of this policy type, the borrower is required to have an HO-6 policy with coverage, as determined by the insurer, which is sufficient to repair the condo unit to its condition prior to a loss claim event.

- “All-In” (sometimes known as an “all-inclusive”) policy: The policy must cover all of the general and limited common elements that are normally included in coverage. These include fixtures, building service equipment, and common personal property and supplies belonging to the HOA. The policy also must cover fixtures, equipment, and replacement of improvements and betterments that have been made inside the individual unit being financed. If the unit interior improvements are not included under the terms of this policy type, the borrower is required to have an HO-6 policy with coverage, as determined by the insurer, which is sufficient to repair the condo unit to its condition prior to a loss claim event.
- “Bare Walls” policy: This policy typically provides no coverage for the unit interior, which includes fixtures, equipment, and replacement of interior improvements and betterments. As a result, the borrower must obtain an individual HO-6 policy that provides coverage sufficient to repair the condo unit to its condition prior to a loss claim event, as determined by the insurer.
- **Amount of Coverage** – Insurance must cover 100% of the insurable replacement cost of the project improvements, including the individual units in the project. An insurance policy that includes any of the following coverage, either in the policy language or in a specific endorsement to the policy, is acceptable:
 - Guaranteed Replacement Cost—the insurer agrees to replace the insurable property regardless of the cost,
 - Extended Replacement Cost—the insurer agrees to pay more than the property’s insurable replacement cost, or
 - Replacement Cost—the insurer agrees to pay up to 100% of the property’s insurable replacement cost.

POLICIES WITH COINSURANCE

Policies with coinsurance provisions can create additional risk for an HOA in the event of a loss if the amount of insurance coverage is less than the full insurable value. Master property policies that provide coverage at 100% of the insurable replacement cost of the project improvements, including the individual units, alleviate the risk of a coinsurance penalty being applied in the event of a loss.

If the policy has a coinsurance clause, inclusion of an Agreed Amount Endorsement or selection of the Agreed Value Option (which waives the requirement for coinsurance) is considered acceptable evidence that the 100% insurable replacement cost requirement has been met. If an Agreed Amount/Agreed Value provision is used, the Agreed Amount must be no less than the estimated replacement cost.

If the policy includes a coinsurance clause, but the coinsurance provision is not waived, the policy is still eligible if evidence acceptable to the lender confirms that the amount of coverage is at least equal to 100% of the insurable replacement cost of the project improvements. This evidence (documentation) must be maintained by the lender.

MAXIMUM DEDUCTIBLE AMOUNTS

For policies covering the common elements in a PUD project and for policies covering condo or co-op projects, the maximum deductible amount must be no greater than 5% of the face amount of the policy.

For losses related to individual units in a co-op project or for individual PUD units that are covered by the blanket policy for the project, the maximum deductible amount related to the individual unit should be no greater than 5% of the replacement cost of the unit. If, however, the policy provides for a wind-loss deductible (either in the policy itself or in a separate endorsement), that deductible must be no greater than 5% of the face amount of the policy.

For blanket insurance policies that cover both the individual units and the common elements, the maximum deductible amount related to the individual unit should be no greater than 5% of the replacement cost of the unit.

SPECIAL ENDORSEMENTS

The requirements for endorsements for condo, co-op, and PUD projects are as follows:

- Inflation Guard Endorsement, when it can be obtained;
- Building Ordinance or Law Endorsement, if the enforcement of any building, zoning, or land-use law would result in loss or damage, increased cost of repairs or reconstruction, or additional demolition and removal costs to rebuild after a covered loss event occurs. The endorsement must provide for contingent liability from the operation of building laws, demolition costs, and increased costs of reconstruction. The endorsement is not required if it is not applicable or the coverage is not obtainable in the insurance market available to the association; and
- Boiler and Machinery/Equipment Breakdown Endorsement, if the project has central heating or cooling. This endorsement should provide for the insurer's minimum liability per accident to at least equal the lesser of \$2 million or the insurable value of the building(s) housing the boiler or machinery. In lieu of obtaining this as an endorsement to the commercial package policy, the project may purchase separate standalone boiler and machinery coverage.

SPECIAL REQUIREMENTS FOR CONDO PROJECTS

Additional insurance policy requirements for condo projects are as follows:

- Any Insurance Trust Agreement is recognized.
- The insurance is not prejudiced by any acts or omissions of individual unit owners that are not under the control of HOA.
- The policy must be primary, even if a unit owner has other insurance that covers the same loss.

NAMED INSURED

The table below provides the requirements regarding the name of the insured entity.

COVERAGE TYPE	REQUIREMENT FOR NAMED INSURED
Condo projects	The policy must show the HOA as the named insured. If the condo’s legal documents permit it, the policy can specify an authorized representative of the HOA, including its insurance trustee, as the named insured. The “loss payable” clause should show the HOA or the insurance trustee as a trustee for each unit owner and the holder of each unit’s mortgage loan.
PUD common areas	The policy must show the HOA as the named insured.

8.2. TAXES

- Property taxes that are due within 60 days of the first payment date must be collected in full regardless if escrowed or not.
- If borrowers have a tax bill, it has to be provided at the time of the initial disclosures. If the tax bill is not provided property taxes will be calculated based on actual Corelogic numbers unless specified in the table below.
- Real Estate taxes will be adjusted as per title commitment where required by the attorney’s 3rd party vendor in New York unless specified in the table below.
- By Transaction Type:

STATE	Purchase Transaction (Existing Construction)	Purchase Transaction (New Construction)	Refinance Transaction (Existing Construction)	Refinance Transaction (New Construction)
California	1.25% of purchase price	1.25% of purchase price	Current or Existing Tax Bill	1.25% of appraised value
All other states	Current or Existing Tax Bill	1.50% of purchase price	Current or Existing Tax Bill	1.50% of appraised value

9. APPRAISAL REQUIREMENTS

Mortgaged properties must be originated with an appraisal in conformity in form and in substance with the Uniform Standards of Professional Appraisal Practice and that complies with (i) the appraisal requirements of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 and (ii) the Interagency Appraisal and Evaluation Guidelines (75 Federal Register 77450).

APPRAISAL INTEGRITY

A&D Mortgage relies on appraisers to provide them with thorough, accurate, and objective appraisal reports that result in reliable opinions of market value so A&D can make prudent underwriting decisions. The appraisal is used to judge the property's acceptability for the mortgage loan requested in view of its value and marketability.

Appraisers or supervisory appraisers must be state-licensed or state-certified (in accordance with the provisions of Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 and all applicable state laws). Appraisers' state license or state certification must be active as of the effective date of the appraisal report. There is no specific requirement for appraisers' E&O minimum coverage.

A&D Mortgage will pay particular attention and institute extra due diligence for those loans in which the appraised value is believed to be excessive or when the value of the property has experienced significant appreciation in a short time period since the prior sale. A&D Mortgage believes that one of the best ways to reduce the risk associated with excessive values or rapid appreciation is by receiving accurate appraisals from knowledgeable, experienced appraisers.

If A&D Mortgage has concerns with any aspect of the appraisal that result in questions about the reliability of the opinion of market value, A&D Mortgage reserves the right to reject the appraised value.

In addition to the following, refer to Fannie Mae guidelines for appraisal requirements:

- Property condition rating must be: C1, C2, C3 or C4
- Quality of construction rating: must be: Q1, Q2, Q3, Q4 or Q5
- Appraisals should not include comparable greater than six (6) months old at the time of underwriter review. If comparables are more than 6 months old, an explanation from the appraiser is required.
- Properties with values significantly in excess of the predominant value of the subject property's market area may be ineligible.
- If a loan file is closing under the name of a corporation, it is not necessary for the appraisal to be in the name of the corporation. The appraisal will only be required to reflect the borrower's full name.
- Fannie Mae/Freddie Mac Forms 1004/70, 1025/72, 1073/465 or 2090 must be used.
- Multifamily property/mixed use requirements to use FHLMC 71A or 71B, FNMA 1050
- Appraisals must be dated within 120 days of the Note date.

- After a 120-day period, a new appraisal is required (re-certification of value (1004D) is acceptable, re-certification of value can be done by a different appraiser).
- When two appraisals are required, the following apply:
 - Appraisals must be completed by two independent companies.
 - The CLTV will be determined by the lower of the two appraised values as long as the lower appraisal supports the value conclusion. The final inspection must be for the appraisal with the lower value.
 - The underwriter must review both reports and address any inconsistencies between the two reports and all discrepancies must be reconciled.

9.1. ADDITIONAL REQUIREMENTS FOR NEW CONSTRUCTION

NEW CONSTRUCTION

New construction is defined as the following:

- The Certificate of Occupancy was issued within the last 12 months of the A&D Mortgage note date, OR

9.1.2. NEW CONSTRUCTION LIMITATIONS BY PROPERTY TYPE

Occupancy	Property Type	Florida (Max CLTV)
Primary Residence or Second Home	PUD	80%
	Condo	75%
Investment Property	PUD	75%
	Condo	70%

No limitations on 1-4 residential properties without community and no limitations in states other than Florida.

9.2. APPRAISAL REVIEW REQUIREMENTS

9.2.1. THE FOLLOWING TRANSACTIONS REQUIRE A 2ND FULL APPRAISAL

1. Approved loan amount exceptions (when exceeding the max loan amount available per the matrix)
2. Loan amounts > \$1,500,000

9.2.2. SECONDARY VALUATION PRODUCT REQUIRED FOR EVERY LOAN

Secondary valuation waterfall for SFR/PUD/Condo/2-4 units/condotel/rural/manufactured:

1. If a loan had a second full appraisal, then lower of the 2 appraisal values will be used. If the loan has two appraisals, we do not require any further secondary valuations (the 2nd full appraisal would count as the secondary value).
2. If a loan has only one original appraisal with a CU score of 2.5 or less, then the original appraised

value would be used. If CU score is above 2.5, then see below.

3. If a loan has only one original appraisal with a CU score above 2.5 or when such score is unavailable, then an AVM will be ordered. If the AVM value is higher than original appraised value or is below the original appraised value by 10% or less, then the original appraised value would be used. If the AVM value is below the original appraised value by more than 10% or AVM confidence score is below 90%, which makes AVM invalid, and a CU score is above 2.5 then a CDA, BPO, drive-by or second appraisal will be ordered.
4. If CDA / BPO value is higher than original appraised value and supports the value or is below the original appraised value by 10% or less and supports the value, then the original appraised value would be used. If the CDA / BPO value is below the original appraised value by more than 10% or does not support the value, then drive-by appraisal or second appraisal will be ordered at borrower's expense. If second appraisal is ordered, the lower of 2 appraisal values will be used.

If all secondary valuation products are unavailable, we need to do BPO with interior/drive by/2nd appraisal (common case in Puerto Rico).

Secondary valuation waterfall for Multifamily and Mixed Use:

1. If a loan has only one original appraisal commercial BPO is required. If the BPO value is higher than original appraised value or is below the original appraised value by 10% or less, then the original appraised value would be used. If the BPO value is below the original appraised value by more than 10%, then second appraisal will be ordered.
2. If a loan had a second full appraisal, then lower of the 2 appraisal values will be used. If the loan has two appraisals, we do not require any further secondary valuations (the 2nd full appraisal would count as the secondary value).

9.2.3. APPRAISAL RECONSIDERATION OF VALUE

Loan Officer can request reconsideration of value from AMC and the updated appraisal is subject to review by collateral team to validate the change.

9.3. TRANSFER OF APPRAISAL TO A&D MORTGAGE

A&D will accept transfer of 1 appraisal per loan. For acceptable appraisal transfer transactions, the appraiser may not be on any A&D Mortgage ineligible list including but not limited to: FHLMC Exclusionary List or FNMA Ineligible List. A transfer letter is not required. A&D's name does not need to appear as lender on the appraisal.

9.3.2. APPRAISAL TRANSFER DOCUMENTATION AND REQUIREMENTS

- Appraisal is to be submitted to A&D Mortgage's ADM system.
- Appraisal in PDF and MISMO XML format of full appraisal with color photos is required.
- Copy of SSR's (FNMA/FHLMC Portal Results) is requested. If SSR is not available secondary valuation (AVM or CDA) is required.

- Copy of Invoice. Appraisal fee will be disclosed on LE.
- Appraisal Independence Requirements (AIR) Certificate.
- If any modifications, corrections or material changes are required of the appraisal, the original appraiser must cooperate. If the appraiser fails to cooperate with any requests, a new appraisal must be obtained.
- The transferred appraisal effective date may not be more than 60 days old at the time of submission and may not be more than 120 days old at the time of note.
- After a 120-day period, a new appraisal is required (re-certification of value (1004D) is acceptable, re-certification of value can be done by a different appraiser).
- Appraisal Receipt Acknowledgment from the borrower within 3 days of consummation.
- The transferred appraisal must be from the transferring lender.
 - An appraisal transferred from one lender to another lender, then to A&D Mortgage is not acceptable.

9.3.3. APPRAISAL REVIEW REQUIREMENTS

- The transferred appraisal value has to be supported with a Secondary Valuation product (AVM)
- AVM value must be higher than original value or below the original value by 10% or less
- If Secondary Valuation does not support the appraised value, a new appraisal is required.

10. TITLE AND CLOSING

In addition to the following, refer to Fannie Mae guidelines for requirements related to title, insurance, and mortgagee clauses.

10.1. TITLE POLICY FORMS

The title policy must be written on one of the following forms:

- 2006 American Land Title Association (ALTA) standard form
- ALTA form with amendments required by state law in states in which standard ALTA forms of coverage are not used or in which the 2006 ALTA forms have not yet been adopted provided that those amendments do not materially impair protection to A&D.

10.1.1. TITLE REQUIREMENTS

- Amount of Coverage
 - The amount of title insurance coverage must be greater than or equal to the original principal amount of the mortgage.
- Other requirements
 - The title insurance coverage must include an environmental protection lien endorsement (ALTA Endorsement 8.1-06 or equivalent state form provides the required coverage).
 - References are to the ALTA 2006 form endorsement, but state forms may be used in states in which standard ALTA forms of coverage are not used in which the 2006 ALTA forms have not yet been adopted. However, if these forms are used, A&D must ensure that those amendments do not materially impair protection to A&D. As an alternative to endorsements, the requisite protections may be incorporated into the policy.
 - Title policies may not include the creditor's rights exclusion language that ALTA adopted in 1990.
- Applicable Endorsements
 - Different property types (i.e., condos or PUDS) as well as different mortgage types may require additional title policy endorsements. A&D's lien must be protected by any endorsement that may be necessary to provide that protection.
- Errors and Omission Insurance
 - The title company E&O insurance must equal the loan amount, with a max amount up to \$1,000,000.

10.2. TITLE EXCEPTIONS

The title to the subject property must be good, marketable and released of all encumbrances and prior liens. A&D will not fund a mortgage secured by a property that has an unacceptable title impediment, including unpaired real estate taxes and survey exceptions. If surveys are not required in particular

jurisdictions, A&D will require an ALTA 9 Endorsement. If it is not customary in a particular area to supply either the survey or an endorsement, the title policy must not have a survey exception.

10.3. VESTING AND OWNERSHIP

Ownership must be fee simple. Acceptable forms of vesting are:

- Individuals
- Joint tenants
- Tenants in Common
- Inter Vivos Revocable Trust
- Limited Liability Company (LLC)
- Limited and General Partnerships
- Corporations

10.3.1. INTER VIVOS REVOCABLE TRUST

Inter Vivos Revocable Trusts are allowed when the requirements outlined below are met.

The trust must be established by one or more natural persons, solely or jointly. The primary beneficiary of the trust must be the individual(s) who are establishing the trust. The trust must become effective during the lifetime of the person establishing the trust.

If the trust is established jointly, there may be more than one primary beneficiary as long as the income or assets of at least one of the individuals establishing the trust will be used to qualify for the mortgage.

The trustee must include either:

- The individual establishing the trust (or at least one of the individuals, if 2 or more); or
- An institutional trustee that customarily performs trust functions in and is authorized to act as trustee under the laws of the applicable state.
